## A Smile for you!

Here is a poem we found on the internet that made us smile – author unknown.

Smiling is infectious; you catch it like the flu  
When someone smiled at me today, I started  
smiling too.  
I passed around the corner and someone saw  
my grin  
When he smiled I realised I'd passed it onto him.  
I thought about that smile then I realized its  
worth, a single smile just like mine could travel  
round the earth.  
So, if you feel a smile begin, don't leave it  
undetected.  
Lets start an epidemic quick, and get the world  
infected!!
